Emissions reduction targets

We are committed to achieving net zero by 2050.

Carbon Reduction Projects

We have reviewed our carbon footprint and our emissions as a business are from commuting and homeworking arrangements.

In the future we hope to implement further measures such as:

- Company car policy to be updated to state environmentally friendly vehicles to be used.
- Less commuting and more remote working where possible.

Declaration and Sign Off

This Carbon Reduction Plan has been completed in accordance with PPN 06/21 and associated guidance and reporting standard for Carbon Reduction Plans.

Emissions have been reported and recorded in accordance with the published reporting standard for Carbon Reduction Plans and the GHG Reporting Protocol corporate standard and uses the appropriate Government emission conversion factors for greenhouse gas company reporting.

Scope 1 and Scope 2 emissions have been reported in accordance with SECR requirements, and the required subset of Scope 3 emissions have been reported in accordance with the published reporting standard for Carbon Reduction Plans and the Corporate Value Chain (Scope 3) Standard.

This Carbon Reduction Plan has been reviewed and signed off by the board of directors (or equivalent management body).
