LOCAL COUNCIL TAX CLUB

At PSTAX, we specialise in supporting local councils with the complex and evolving world of taxation. Our dedicated team has extensive experience working with over 330 local authorities across the UK, giving us a deep understanding of the sector's unique tax challenges. The Local Council Club has been created specifically to help councils navigate compliance with confidence – offering targeted advice, responsive support, and access to training shaped by the latest HMRC guidance.

WHAT'S INCLUDED

UNLIMITED HELPLINE ACCESS

Two dedicated helplines to support day-to-day tax queries:

- VAT
- Land Taxes
- Employment Taxes, PAYE/NIC, and
- Construction Industry Scheme (CIS)

These helplines are available via phone or email and designed to deal with queries taking up to an hour. However, they also act as a triage service for more complex issues – flagging where further project support may be needed.

No limit to the number of helpline questions.

THREE ONLINE FORUMS PER YEAR

Interactive and informative 90-minute sessions held via Microsoft Teams in:

- March
- July
- November

Each Forum covers the latest tax compliance topics relevant to Local Councils.

It's also a great chance to network and share experiences with other authorities.

Members receive a comprehensive written summary of all topics discussed.

ANNUAL REVIEW MEETING

An annual planning meeting (via Teams) tailored to your Council's current activity. This can be used to:

- Review potential tax risks
- Assist with your partial exemption calculation
- Conduct an employment status check, or
- Explore any issue you choose

How the meeting is used is entirely flexible - your choice each year.
